https://rithfolio.com
heys@rithfolio.com
https://github.com/jpoechill

Seasoned, passionate technologist, seeking a Frontend (JavaScript/HTML/CSS), code-focused role within a progressive, forward-thinking technology team.

Experience: UX/UI Development, Javascript, managing component/style libraries, debugging APIs, general full-stack development

Related: Vue 3 (Nuxt.js), React, Angular, Firebase, MySQL, Amazon AWS, Ruby, Python

Work Experience

Frontend (Vue.js) Developer
Rithfolio.com - Oakland, CA
January 2016 to Present

Currently working as an independent, frontend web-developer. Duties and responsibilities include initiating and self-managing new projects, design and full development of platforms from the ground up, integrating external APIs, debugging, and building new features and functions where necessary.

Product Designer
Tize Inc, Place.xyz, Abroadler, Liahona Children's Foundation - Oakland, CA
January 2014 to 2016

Worked as a Product (UX/UI) Designer for early stage startup companies based in SF Bay Area. Duties and responsibilities include organizing team meetings, research/ideation and development of user requirements, creating and producing wireframes, prototyping, and building general interactive experiences for platforms; end to end.

Education

Senior Web Dev, Front End Dev, React, Fullstack, Ruby
Udacity Nanodegrees
December 2016 to December 2017

Product Design
Whitespace Design Accelerator - San Francisco, CA
March 2015 to May 2015

Communication Design
Carnegie Mellon University - Pittsburgh, PA
2005 to 2009
